Student Attendance User Manual

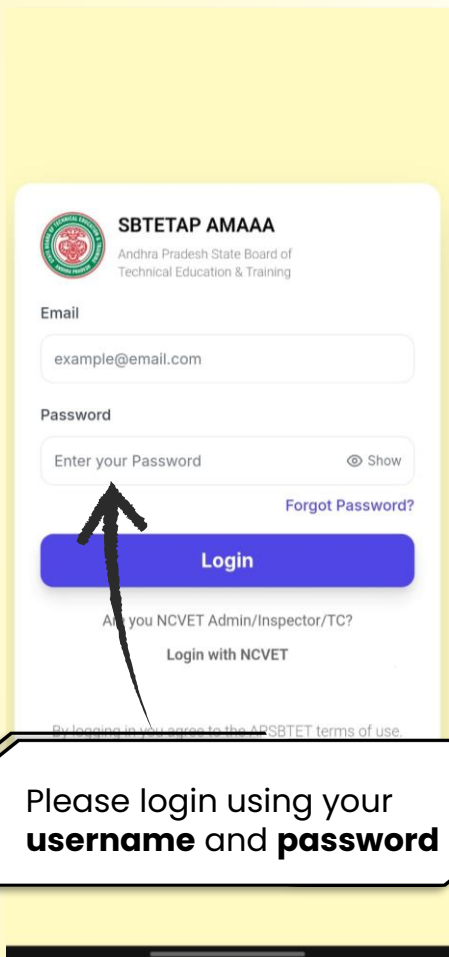

Student Attendance

- For capturing attendance of a student, there are two ways to do it:-
 1. Landscape
 2. One-to-one
 - In **Landscape mode**, you can capture students' attendance simply by walking past the benches.
 - In **One-to-One mode**, you can capture attendance for selected individual students only.

Student Attendance– Do's and Don'ts

Do's

- er** Ensure the classroom has adequate lighting before starting attendance capture.
- er** In Landscape mode, hold the device steady and walk slowly past each bench.
- er** Wait until the name below each student's face box turns green before moving on.
- er** Click the "Verify" button only after all present students are captured.
- er** In One-to-One mode, ask the student to keep their face centered inside the circle.
- er** Ask students to blink naturally until the circle turns green.
- er** Wait for the "Success" message before navigating away from the screen.
- er** Ensure all students have completed facial enrollment before attempting attendance.
- er** Use a stable internet connection for smooth attendance submission.

Don'ts

- x** Do not capture attendance in dim or poorly light classrooms.
- x** Do not move the device too quickly in Landscape mode – wait for green confirmation.
- x** Do not click Verify before all visible students' names turn green.
- x** Do not allow students to cover their face with masks, caps, or sunglasses during capture.
- x** Do not attempt attendance for students who are not yet facially enrolled.
- x** Do not use a photograph or someone else's face to mark proxy attendance.
- x** Do not close the app or switch screens before seeing the Success message.
- x** Do not retry attendance capture without checking camera and lighting first.
- x** Do not share your faculty login credentials with students or others.
